Dear Friend,

The University of Tennessee College of Veterinary Medicine would like to extend our condolences during this time of loss. We can appreciate how important your animal is to you and can imagine the grief and heartache you may be feeling. It is normal and natural to experience a broken heart because your beloved animal is gone.

Enclosed are some resources that you may find helpful. We would also like to make you aware that Veterinary Social Work (VSW) offers support for individuals who have lost a beloved animal. Services include the following:

- Up to 8 individual or family clinical counseling sessions (in-person, via telephone, or via telehealth) at no cost for grief support as well as assessment and referral to longer-term counseling if desired. UTCVM clients can request and access VSW grief counseling services at any time within 8 months after the animal’s death.

- Up to 4 individual sessions counseling sessions (in-person, via telephone, or via telehealth) at no cost for grief support for community members (that are not clients of the UTCVM).

- Ongoing Pet Loss Support Group to all community members at no cost (flyer enclosed).

If you would like more information or to schedule a session, please contact a Veterinary Social Worker at the VSW Helpline, (865) 755-8839, Monday through Friday, between 10 a.m. and 5 p.m. We hope that you will find this information helpful.

With Deepest Sympathy,

UT Veterinary Social Work Faculty and Staff
